

Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Sunday 28 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunshine for most on Sunday, then cloudier.

Today:
Some fog patches linger in places briefly, before clearing to give a dry day the region with plenty of sun. Feeling mild, especially in any sunshine. Maximum temperature 13 deg C (55 deg F).

Tonight:
A clear and dry night, though eastern areas may see some fog development towards the early hours. Chilly, with frost developing in places. Minimum temperature 0 deg C (32 deg F).

Monday:
A cloudy day for most, with fog lingering in places, though some northern parts may see some brief brighter spells into the afternoon. Light winds. Fog reforming into the night. Maximum temperature 9 deg C (48 deg F).

Outlook for Tuesday to Thursday:
Becoming colder and cloudier throughout, though still with some brief sunny spells Tuesday and Wednesday. Patchy rain and drizzle on Wednesday and Thursday. Frost and fog likely during the nights.
